Ehler's Lane is located in the St. Helena AVA near the 4 corners of St. Helena, Spring Mountain, Diamond Mountain and the newly christened Calistoga AVA. This area of the Napa Valley is a renowned location for growing exceptional Cabernet. With great

sun exposure and warmth during the day and cool evenings and an occasional blanket of fog at night, the grapes enjoy perfect conditions

to ripen fully without the stress of either too much heat or cold. Gravelly loam and rock outcrops comprise complex soils with a gentle west to east slope for ideal drainage allowing for dry farming without the risk of over stressing the vines.

Lognwood Ranch lies a stone's throw from the southeastern end of the Oak Knoll AVA in Napa. This vineyard was completely redeveloped during the last 15 years using the latest farming practice paying new attention to vine spacing, row direction, trellising, variety, clone choice based on our terroir within the vineyard, and cover crop in an effort to create a truly biodynamic and sustainable vineyard.

Winemaking
The Perfect Blend
of Tradition
and Modernity

Louis de Coninck combines both art and the science of wine making. From his father's side, Louis is the ninth generation of the family involvement in the industry, which can be traced back to the eighteenth century. While his mother's family count more than a century of devoted scientific research on wine making techniques in Bordeaux. His passion for the land, the vines, and the wines brought him to the Napa Valley more than two decades ago where he is able to follow the yearly cycle of winemaking from field to the winery and beyond. Making wine in harmony along with the environment.

Louis focuses on the sustainable and organic practices with minimal intervention in the cellar. He has one objective, creating wine with balance, finesse, complexity and elegance which is reflected in each and every bottle.

Trifecta	Longwood Chardonnay	Chardonnay	Cabernet Franc	Cabernet Sauvignon	Petit Verdot	Merlot	Sauvignon Blanc	Vapa Valley Red
----------	---------------------	------------	----------------	--------------------	--------------	--------	-----------------	-----------------

Trifecta is a complex delicately balanced wine using four estate grown Bordeaux varietals. Under the watchful eye of Louis de Conick our vineyards are organically raised until they are ready for harvest. We hand pick all of our fruit at night to ensure optimum freshness as the fruit goes to the presses. The juice then undergoes fermentation in open barrels and concrete tanks, during which it will undergo 4 to 5 weeks of maceration before finding its way to our barrels.

Our first bottling from our Longwood Estate 100% Chardonnay grapes, this wine has Pouilly Fuisse style like elegant. Some lemon and passion fruit flavor stand along stony minerality and a lees. Lite smokey hazelnut Flavors, tartness, bright acidity, creamy and delicious. This wine can age at least five years.

Our newest Chardonnay is something very special and unique, The fruit of our old vines went into our Estate Chardonnay for a wine of amazing depth and structure. A lovely, pale gold hue does not prepare you for the intense nose that fills the glass. Sweet vanilla is noticeable, but just barely outweighs tropical aromas of ripe pineapple, tangerine and coconut. Caramel, rosemary and limestone are just hinted at but will certainly develop over time.

The 2007 bottling of our famed Cabernet Franc finds our 18-year-old vineyard blocks coming into their own and providing fruit of unparalleled depth and richness. The aromas bursting from the glass are dark and intense; blackberry and blueberry fruit, cocoa, smoky tea and toasty oak. With a little time in the decanter or in your glass and more delicate notes of red cherry, lavender and mineral earth emerge to add depth and interest.

Our newest Beaucanon Estate's single-vineyard Cabernet Sauvignon from our Longwood ranch, located a stone's throw east of the famous Oak Knoll AVA in Napa, is a fine example of New World fruit coupled with Old World Wine making techniques. Crafted in Bordeaux style, intense notes of blackberry, cassis and bing cherries dominate the bouquet followed by layers of tobacco and toasted New French Oak.

An intense deep dark garnet almost inky color with a rich concentrated aromas of rose petal, boysenberry, black cherry cassis accented by notes of cedar and spice.

An elegant version of this classic Bordeaux Varietal. Deep solid garnet color with bright aromas of red cherry, raspberry, rosemary, licorice notes following by delicate touches of vanilla. The aromas are reflected on the palate and backed up with darker, deeper flavors of dark chocolate and spice. The finish lingers with rich flavors of red and black berries

The Beaucanon Sauvignon Blanc is a wine with an entrancing nose of pomelo and guava fruit accented by notes of honeysuckle, and candied lemon. The palate balances bright citrus, pineapple and lime zest flavors against vibrant acidity and a thrilling minerality. Ready to drink upon release, this is a perfect aperitif on its own but also pairs beautifully with a range of fresh seafood, salads, creamy pastas and creamy cheeses.

An elegant version of this classic Bordeaux Varietal. Deep solid garnet color with bright aromas of red cherry, raspberry, rosemary, licorice notes following by delicate touches of vanilla.
